Robin O'Bryant : A Second Helping: A Collection Of Popular Columns before purchasing it in order to gage whether or not it would be worth my time, and all praised A Second Helping: A Collection Of Popular Columns:

I don't think I have laughed like that while reading a book in a long time. I was actually sitting in the medical library at our local hospital and had to fight to keep from laughing out loud. I was elated to see that she had another book,Ketchup is a vegetable and Other Lies Moms tell

themselves which once again I laughed til I cried. I am a grandmother of two small girls and I very well can relate to these books. I however have the joy of sending my grandchildren home when they wear me out. I would truly recommend these two books to everybody. I am finished with this review with only one negative comment.....ROBIN NEEDS TO HURRY UP AND WRITE MORE BOOKS!!!!!! THANK YOU ROBIN FOR BOOKS THAT ALLOW ME TO REMEMBER AS A GRANDMOTHER WHAT IT WAS LIKE WHEN I WAS THE MOM.3 of 3 people found the following review helpful. You Can't Go Wrong With This Book!By MistyOnce again, Robin never ceases to deliver! I don't have much time for reading, but I MADE time for this book and her earlier release of "Ketchup is a Vegetable". I've never been so excited to READ AND SHARE both of her books with friends!! You give all moms' a sense of normalcy through your writing, to know that we're not alone in our thoughts and feelings with everyday mommy hood! I can't remember ever laughing so much to one book, other than her previous!! Another fabulous read by this author!!2 of 2 people found the following review helpful. Must Read!By Jack's momI stayed up until 1:00 am reading Robyn's first book Ketchup is a Vegetable so I couldn't wait to read her next installment. A second Helping didn't disappoint! Robyn's writing makes you feel like you talking with a good friend. Her stories are heartwarming and hilarious. I found myself laughing out loud on several occasions. Her books are a must read for any parent and even if you don't have kids you'll love her wit and insight into raising children. I can't wait for her next book!

From the syndicated humor column Robin's Chicks, comes a short collection of 22 of her readers' best-loved columns that are so funny you'll find yourself calling your best friend to read them out loud. A follow up to O'Bryant's popular humor book, Ketchup is a Vegetable and Other Lies Moms Tell Themselves, A Second Helping serves up a little more insight into the shenanigans of Robin and her chicks. From realizing she should have paid more attention when the hula hoops were passed out in gym class, to near death by spray tanning, to realizing her daughters have given her more gifts than she could ever give them in return, A Second Helping is sure to make you laugh out loud and realize that being a parent is hilarious-- when it's happening to someone else.
