read! Can't wait for more books to come from the author! It's such a quick easy read that had me really laughing out loud! Caroline Christian has such a great way of writing and makes you really feel like your part of the story! I needed a short story to make me laugh and lose a little stress , and this book did it!1 of 1 people found the following review helpful. Life at it's best?By Patti-LynnI received this book as a gift for my birthday. I can't wait until Caroline writes another. I think anybody with pets/children, etc. can relate to something in this book. It's a quick read, read during lunch. If reading alone, in a public place, be prepared to get strange looks due to the fact you're laughing out loud - alone.

Do you love cats? Do you hate them? Wouldn't matter. You would either love or hate them even more when you read this book. After being locked out of our own house by a cat, my husband and I could not find a way back inside. Our morning full of stress became the hilarity of this story, a true story that you would never believe could happen to you. Question is, would you own a cat after reading this book?
