This is a MUST HAVE book for Hollywood hopefulls!By V K RawlsSeveral weeks ago, a friend and I were reminiscing about what it had been like trying to "make it" in the entertainment industry. We were trading "war stories", commiserating and laughing, when he handed me a book entitled, A Survivor's Guide to Hollywood -(How to Play the Game without losing your Soul) by Robin Riker. I took the book home and a few days later I started reading it. I had actually met Ms Riker and her husband, Evan, at a small house party a few years ago. We spent the evening chatting over wine and tidbits. I remember that she was charming, hysterically funny and it was one of the most enjoyable evenings I have ever spent. When I started reading her book it was as if I was transported back to that evening sitting, talking, laughing and totally captivated by this warm, funny woman. You will thoroughly enjoy this book and if you are an aspiring actor, it will be a fantastic guide for you to follow. She gives you great advise and universal axioms that can and will help you to weather the too often nerve wracking and emotional "ride" that is the pursuit of an acting or music career. She lays out the basics and they are true for anyone determined to conquer Hollywood.You will refer to it again and again. Follow her guide and you will better navigate the paths
