Christopher McDevitt : A Trillion More Wishes (A Million More Wishes Saga) (Volume 3) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Trillion More Wishes (A Million More Wishes Saga) (Volume 3):

this book. Hysterical continuation of the Dennis Harkness saga. Genuine LOL, Looking forward to book four.

After five long years in prison, Dennis Harkness can finally see the light at the end of the tunnel. He will soon be reunited with his no-longer-pregnant ex-girlfriend, Jenny, his genie pal, Djosar, and his newborn son. The reunited friends soon find the light to be brighter than they anticipated as they struggle to reclaim the lives they left behind. Unwise wishes made under stress turn their present upside down as they try to navigate a sea of their old enemies, rogue prisoners, religious cult members, podunk police and the agents of Fate. Their whirlwind adventure spans two continents, three countries and brings them into direct conflict with the Almighty Himself.
