**Lew-Ellyn Hughes : A View from the Corner** before purchasing it in order to gage whether or not it would be worth my time, and all praised A View from the Corner:

0 of 0 people found the following review helpful. The type of book you will reread!By M.D.L.I thoroughly enjoyed A View from the Corner as Lew Ellyn Hughes is an eloquent writer keeping you intrigued from page 1. Her short stories are relatable and quite humorous; especially the mischief she seems to get in with her grandson. I highly recommend Lew Ellyn's books, looking forward to what else she might have in store!0 of 0 people found the following review helpful. Left me in stitches!By Karen L. FosterI recently came back across this book while reorganizing my bookcase

and re-read it, having to explain to my husband why I was bursting out laughing. It was just as funny the second time. I love her writing! She tells her stories in a way that is easy to relate to and she has a great sense of humor. I am thrilled to see she has published a second book and can't wait to get my hands on it! 1 of 1 people found the following review helpful. If you love Erma Bombeck, you'll LOVE Lew-Ellyn Hughes and A View From the Corner By Karen R.K. Within the 145 pages of this book of essays on life, life in Maine and "la vida loca," Ms Hughes will make you laugh, cry and cry with laughter. The comparisons to Bombeck are inevitable and enviable. Hughes writes with a flair that somehow encapsulates everyman (and woman) in her stories about relationships and the world we live in. I feel this is a book I could read over and over and over again. I know I will!

A collection of award winning bons mots and belles lettres on Maine rural life.

Edward Turner, "The Lewiston SunJournal" gave "A View from the Corner" three out of four stars and wrote in his BookNook review: "Hughes gives words to a Maine experience."
