I had heard about it in a colouring group on Facebook and decided to check it out. It not only works for my colouring group but also for my Abandonment group! I'd totally recommend these to anyone just looking for a small something something that they want to colour without the challenges of a whole page! 0 of 0 people found the following review helpful. Art Therapy Coloring Kit By Cat921nh Bought as a gift for my daughter and she colors every chance she gets. She has two small kids at home so she really likes the stress relief of coloring in them. Great designs and sturdy paper. 1 of 1 people found the following review helpful. A good idea! By Sharon I carry this little coloring kit in my purse. It's in a cute box and very organized. It has cute pictures to color and the paper is heavy weight. The pencils do the job. It will be nice to use at the Doctors office, when traveling in car or plane, for Grandchildren. A good buy.
