Melanie Lumsden-Ablan : Aussie Surfa (The Little Black Book) before purchasing it in order to gage whether or not it would be worth my time, and all praised Aussie Surfa (The Little Black Book):

Aussies love the beach, with over 11,500 beaches stretching along our huge 37,000 kilometres of coastline. Bet you didn't know - each year, more the 55 million trips will be made to one of 400 patrolled Aussie beaches and well over 3 million visitors will be surfers! Whether you're a surf board rider, a body or boogie board surfer, swimming, sunning or if you're just hanging out at the beach, it's good to know a bit about the Aussie surf. Reckon the Aussie surfa guide can help to keep you safe in our waves...while you enjoy our waters.
