A raunchy romp through the outback and inback of Australia. A naughty look at religion, sex, politics, prejudice,

genetics, mystery and adventure. A cast of insincere, dishonest, and downright manipulative characters, ranging from the power brokers of Australia, the United Nations, Church of Rome, Church of England to the renegade Church of the Last Days of Jesus; from frozen Iceland to the naked brown bodies of Naroa island . The Aborigine, unhappy with their image, decide to take over the white gene pool, but not without a fight. The Pope, seeing an opportunity to pick up the continent on the cheap, meets his match with a horny young priest and his girlfriend, an undercover English spy. The Americans have forgotten where they hid an atomic bomb, setting off a frantic search by the KGB and two Chinese masquerading as Jewish Israelis. The Governor-General voted into office by his sheep, has only one answer for any problem. Sell more lamb chops . Guaranteed to raise your happy endorphin levels and stimulate the hormones of love. Telling anything more would give it away.....
