**Galison : Avian Friends Guided Activity Journal** before purchasing it in order to gage whether or not it would be worth my time, and all praised Avian Friends Guided Activity Journal:

This journal serves several purposes: 1. A display of Gennine's colorful and uplifting art, and 2. A useful guided journal for those of us who want to journal but are challenged when it comes to creating writing and art in this type of format. If, like me, you suffer from blank-page-itis, this lovely book is for you. The book itself is well constructed on very high quality paper from Lark Crafts. 4 of 4 people found the following review helpful. A lovely and fun journal for nature lovers. By WoodenHeart This is a beautiful journal for an avid bird lover. There are many illustrations to color or paint, finish drawing scenes, or many pages for one's own drawings. There is also plenty of room for journaling on both plain or lined pages. The pages are of a heavy paper and all are well designed. This would make a wonderful gift for anyone who loves to record the birds they see while bird-watching, or sketching nature scenes in general. 0 of 0 people found the following review helpful.

A Beautiful Journal Filled With Lots Of Fun! By S. G. Lake I really love this journal! As with some of the other reviewers, I find it's so pretty I don't want to muck it up. The birds are so cute, and dare I say, cuddly looking, you just want to hug them! The flowers are interesting and full of detail. Overall, it's a wonderful deal for the price!

A Galison Avian Friends activity journal is a great gift for creative friends. The journal measures 7 x 8-3/4" with a lay-flat opening that makes it inviting to use. Best of all, the book is fully designed throughout with charming birds, flowers, and still lifes by internationally acclaimed illustrator Geninne D. Zlatkis. A bonus interview sheds light on the artist's creative process and inspiration.
