In the age of selfies and poor judgement, you can't tell me that there aren't new awkward pictures being taken as I type. All in all, serves as a good reminder of what shouldn't be done to hair (think 1993). 0 of 0 people found the following review helpful. Maybe they should spend a few more cents and get a better quality stand. By G3PO The calendar and photo content is hilarious. However, the plastic stand that comes with it is totally worthless. The calendar collapses on my desk about every other day and I have to stand it back up. Maybe they should spend a few more cents and get a better quality stand. Sheesh.

Nothing says awkward better than an uncomfortable family photograph. Whether they're awkward because of poor wardrobe and hairstyle choices, inappropriate poses among siblings, or backgrounds and props that defy logic, the full-color photos featured in this calendar are some of the most absurd yet hilarious family pictures ever captured by a camera. These snapshots of family bonding will generate laughter like nothing else can and give awkward a whole

new meaning.
