Jamel Shabazz : Back in the Days Coloring Book before purchasing it in order to gauge whether or not it would be worth my time, and all praised Back in the Days Coloring Book:

Well, you don't have to remember, these drawings give you authentic 80's budding hip hop era NY. The paper is much nicer than I expected. It is nice and thick. Of course colored pencils will work nicely, gel pens, water based markers even. I would not use alcohol markers as they will likely bleed through. I love every single picture and intend to color them all and would not want any drawings destroyed before I color them. That is my one complaint, I wish the drawings were not double sided, It would give me more freedom to try different media. I haven't tried any water media yet. I think maybe gel crayons or water soluble pencils could work if you don't use too much water. I haven't tried it yet, so proceed at your own risk. All in all it's a great coloring book that brings me back to my childhood. I wish there were more like it. 3 of 3 people found the

following review helpful. Amazingggggggggg!By educator, writer, blogger, shopperFrom the moment I saw this I knew I wanted it! I'm a hip-hop scholar and couldn't wait to sit this on my coffee table. Once it arrived I was even more excited. I'm scared to actually color in it. I will definitely buy more copies for others and probably another for myself to practice my coloring skills :)I love the author's work. He is a gatekeeper and pivotal to the culture and I wish him much success.2 of 2 people found the following review helpful. SO great. Very thoughtful gift for the genre and unique adult coloring book.

Straight from the old-school streets of NYC at the dawn of the hip-hop scene comes *Back in the Days Coloring Book*. Here is your chance to redraw the birth of old-school hip-hop fashion: hangin' in Harlem, kickin' it in Queens, and cold chillin' in Brooklyn. Based on the legendary and original street-style book, *Back in the Days* by Jamel Shabazz. Style with an attitude not seen in fashion for another 20 years to come, Shabazz's subjects strike poses that put supermodels to shame—showing off Kangol caps and Cazal glasses, shell-top Adidas and suede Pumas with fat laces, shearling coats and leather jackets, gold dookie chains, door-knocker earrings, name belts, boom boxes, and other 80s designer finery. Featuring 30 original drawings, it's now your turn to get in on the action. Pull out your Crayolas and markers and help everyone look their best by adding your own vibrant colors to these fly outfits. Fun for ages 1 to 100.
