Jennifer Worick : Backcountry Betty: Roughing It in Style before purchasing it in order to gage whether or not it would be worth my time, and all praised Backcountry Betty: Roughing It in Style:

2 of 2 people found the following review helpful. This book delievers, and in an inspiring wayBy DIY MomI loved this inspired little book from the moment I saw it. Content aside, this is a very cohesive collection of complimentary aesthetics, cute illustration, camping list cataloging and all other appropriate subject matter. This book is truly well thought out, perfectly executed and extremely helpful for city women to suburbanite gals. I'm a born-and-raised car camper (I camp at sites that you can drive to, park by and have running water and bathrooms available), but this book also offers great intel for backpacking, long distance camping etc and in any climate. I bought this book for myself, then bought it for all my friends who aspire to go camping but honestly don't have a clue where to start. This book made me laugh; it cleverly addressed female topics most books avoid and provided a wealth of knowledge oncooking,

sanitization, smart gear, games and great problem solving information that I found very useful...and I'm a pretty good camper. So buy this for yourself, buy this for your girlfriends buy this for your sisters or get this for any chick you may have to go camping with in the future, especially if they are used to being pampered.this book is: Indispensable, comedic and chic; it really delivers.31 of 32 people found the following review helpful. No "style" that I could see ...By HooDooGirlBeing an avid female backpacker always trying to get girlfriends excited and confident enough to venture out into the wild, I wanted to like this book. I truly did. It was such a brilliant idea, that I wanted not just to like it, I wanted to >love

Discover your inner "Betty" with this fierce and fresh approach to camping and wilderness. Tongue-in-cheek wilderness manual for women who appreciate nature but prefer to maintain their coiffure while interacting with it.Lots of useful information-such as handy checklists for what to bring and wear-tucked between the humor.Use this guide to camp with the girls or impress your mountain man (special instructions included). Whether you prefer L.L. Bean or Kate Spade, this humorous outdoor guide has everything a girl needs to know to rough it with comfort and class. Backcountry Betty demystifies gearing up for the Great Outdoors with tips on how to prepare for and, most importantly, enjoy your date with nature. Covering a variety of outdoor quandaries, such as which beauty products can double as survival gear, or how to turn your tent into a pleasure palace, to tips for throwing a mean party at your campsite (Crystal Lite cocktails, anyone?)-this field guide will inform and motivate Betties everywhere to hit the backcountry in a safe yet oh-so-stylish way.
