This book was ok. I read thru it very fast. Some of it is funny.... and some of it is not.

This book is so vivid. Absolutely no words in the comic strips are needed to understand exactly what the cat in each comic strip is doing. They're SO funny! One comic strip has two cats playing tennis with a mouse as a "tennisball." Another comic strip has an owner of a cat holding a bill from a delivery guy for MANY boxes of tuna that she obviously didn't order and her cat nearby looking on innocently. The feline humor just keeps PURRING along! Buy it with confidence for that absolutely FELINE laugh!

By KarenDawn
I've had this book for close to 20 years now as a "dog" person, I'm not sure why I bought it in the first place but it has become one of my favorite comic books. Every time I pick it up I always find something that hangs on the cubicle wall-worthy or gotta share THIS one with a friend-worthy even though I've read it dozens of times. Slightly twisted, but nothing too demented or in poor taste. Love it.

A comic celebration of the mischief and mayhem that our feline friends get into -- usually when we're not looking.
