Bo Hoefinger : Bad to the Bone: Memoir of a Rebel Doggie Blogger before purchasing it in order to gage whether or not it would be worth my time, and all praised Bad to the Bone: Memoir of a Rebel Doggie Blogger:

Mccarty at Barking PlanetWritten by a cheeky dog, this clever book has plenty of humor; however, it also deals, with caring and affection, with the fundamental issues in life. Imagine a well written and often poignant memoir of family life, from the point of view of a salty, but loving dog; a dog with a zest for life, a sense of humor, and a fearless honesty. It is clearly a book

for dog lovers. But it has a greater appeal -- it has dimensions that far exceeded my expectations. An added bonus: it can be read continuously or a few chapters at a time -- and Bo, the author, will continually surprise you with his imagination. 1 of 1 people found the following review helpful. Pretty entertaining take on the dog perspective, but lacking a little. By Customer I enjoyed "racing in the Rain" much more than this book. Although this book was lighthearted and fun, it was a bit trite and used too many well-established notions and jokes about a dog's thoughts and motives. 2 of 2 people found the following review helpful. Bo really Does KNOW! This book is a keeper. By Carol Matthews When you buy this book, plan to read it in one sitting because you are not going to want to put it down. It is funny, poignant, warm, insightful and full of sheer dogginess. Bo, a mixed breed, wonderful creature will win your heart in the first few pages. You will want to give this dog a treat, and he will appreciate it if you do. ***SPOILER ALERT!!!!***** The best part of this book (STOP HERE IF YOU DON'T WANT A SPOILER) is that Bo is (shhhh) still alive...which means...he can write a sequel! Get busy, Bobo, we want more!

Let's get this clear right away: I'm a dog. I'm 1'10" and weigh 63 lbs, and although I'm a mutt on the outside, I'm a purebred on the inside. My good nature comes from the Golden Retriever side of the family, while my stubbornness is clearly from my Chowchow bloodlines. I've got Rastafarian ears, a black tongue for licking, and paws that should be on a dog twice my size. I type 60 words a minute. My name is Bo, and this is my story. From shelter dog reject to beloved pet and popular doggie blogger, Bo Hoefinger's life has been anything but ordinary. Join this incorrigible canine as he welcomes us into his life, complete with his wacky "parents," a constipated feline housemate, and chipmunk warfare.

"Witty commentary and hilarious observations."--Dog Living Magazine "A real treat. Bo is so distinctively adorable and funny, that no other dog will be able to follow in his pawsteps."--Tracie Hotchner, author of The Dog Bible and host of DOG TALK (NPR affiliate WLIU-FM 88.3 radio show) "You'll laugh, you'll howl, you'll practically wag with pleasure. . . Bo is truly the voice of his doggy generation."--Dr. Marty Becker, Resident veterinarian on ABC TV's Good Morning America, Host of "The Pet Doctor with Marty Becker" on PBS, Author of 17 pet books, Nationally syndicated columnist, and Co-creator of petconnection.com "A well-written and fun read. . . Bo takes you inside his family and you feel as if you're right there experiencing all the joys and pains with them. You'll want to hug your own dog after reading this book!"--Suzanne Jalot, Editor-In-Chief of DOGLiving magazine "Bo's rebel adventures in naps and squirrels will stir the heart and stoke human understanding of how dogs must think. His "voice" is utterly original, sharp, and kind."--Monica Collins, "Ask Dog Lady" columnist, askdoglady.com "A funny, funny book giving the reader a hilarious insight into what might be in a dog's mind as he is given orders by his owners. Throughout the book, Bo continually displays his intellectual superiority when he is listening to his "Mother" and "Father" as he refers to them. His innocent explanations about how he constantly outfoxes them will have you giggling. Hilarious from beginning to end. This book will leave you chuckling to yourself and marveling at the cleverness of the author and Bo." --From Barbara Vey's Publishers Weekly Book Blog "Get honest, engaging, and hilarious insight into the inner life of a dog through the eyes of Bo, once a shelter-reject and now, a beloved family pet. --Modern Dog Magazine "Bad to the Bone: Memoir of a Rebel Doggie Blogger (Citadel Press, 2009) draws on Bo's experiences to paint a sympathetic, sweet, and kind portrait of an American family from the ground up, unfolding into an absorbing story of love, friendship, and loyalty. Written in a voice strong enough to make it easy to forget that this book wasn't actually written by a dog, this story brings humor and perspective to everyday life. Very easy to read and hilarious! --Melissa Barr
