Johnny Ball : Ball of Confusion: Puzzles, Problems and Perplexing Posers before purchasing it in order to gage whether or not it would be worth my time, and all praised Ball of Confusion: Puzzles, Problems and Perplexing Posers:

From how to cheat in a coin toss to why it is that some parts of a high speed train travelling at 125 mph are actually

going backwards, Ball of Confusion is designed to twist your brain into enjoyable knots of empuzzlement—from puzzles solved in a twinkling of an eye to some that will knit your brow for hours.

'This is a lovely compilation of puzzles including many classics, and Johnny Ball's legendary enthusiasm and humour jump out of every page.' -- Rob Eastaway, co-author 'Maths for Mums Dads' 'What a cracking book! It's a fabulous jewel box of teasers, you can open any page and be hooked! It'll be on my bedside table forever.' -- Kjartan Poskitt, author of 'Murderous Maths' 'Johnny Ball has a unique talent for making mathematics and logic both entertaining and amusing. Here is a collection of 150 puzzles that will keep young and old scratching their heads as they wrestle with seemingly impossible riddles, only to cry 'of course!' when they turn to the answer. For hours of innocent and maddening fun, I can thoroughly recommend it.' -- John Emsley, author of 'Nature's Building Blocks' About the Author Johnny Ball became TV's best-loved mathematician in the 1970s and 80s, presenting Think of a Number for the BBC and Johnny Ball Reveals All on ITV.
