Its the soap opera you love watching but pretend youve never heard ofBy CustomerWurst Case Scenario continues this dark world of the Wursts and starts off with well, youre gonna want to read it. Its the soap opera you love watching but pretend youve never heard of. This story goes to all the places

were curious about but always find ourselves in the audience. Now were backstage and in hotel rooms with a superstar rock n roll band; in the shadows preying upon the unsuspecting; and too distracted by the glamour and the glitz to notice the grime under the fingernails - until its too late and the blow lands! Prepare yourself for a fast-moving adventure that builds in intensity from the first page. Various story lines intertwine like the entrails of a gutted roadkill. And just when you think of partying at New Braunfels Wurstfest, think again. Gives a new meaning to Dont Mess with Texas.

As the WURST family resolves their conflicts with old rivals, new challenges begin in this ongoing saga of sex, treats (drugs), Rock n Roll and gangster dogs! With unsuspecting, diabolical, new twists threatening Brocks family and gang members, danger and deception lurk around every corner and no one can be trusted. After BROCK WURST, Top Dog of the New Jersey Canine Cartel is busted by the F.B.I. and imprisoned, his son, ROCCO, vows to seek revenge on his fathers betrayers. Rocco walks a fine line between kindling his new found fame as a singer in the popular Rock band, DOGBREATH, while he juggles Brocks underworld regime. While Rocco deals with his demons from living a double-life, unbeknownst to him, his long-time love, ROXY, has been abducted by criminal Cartel dogs from Mexico. Roxys journey of survival and redemption is an emotionally charged one, as she suffers through physical torture and struggles to free herself and find her way back home. LULU, Brocks daughter, faces her own challenges, as she battles with emotions over love betrayals and her anger and disappointment with Brock after his criminal life is revealed. When Lulu survives a traumatic accident, she comes to some realizations about the direction her life must take. QUEENIE, Brocks wife, deals with Brocks imprisonment in her own stealth ways. While she harbors secrets from Brock and her family, Queenie risks being dethroned when some of her sins re-surface and come back to bite her on the tail! Ultimately, the WURST familys love and loyalty unites them throughout their catastrophes. But, the ever-present wolf is always at the door

About the Author Kathryn Brandens edgy and darkly humorous graphic novel Barking Bad! was inspired by her undercover work as a licensed private investigator in Southern California. Her writing and the scenarios of Barking Bad! are directly informed by her own experiences, personal courage, natural humor and deep understanding of the relationships between the criminal underclasses and law enforcement in the urban and rural underbelly of California and Texas.
