Another ideal collection for Batgirl fansBy Lee Kirby"Batgirl: An Adult Coloring Book" is an ideal companion to the collection "Batgirl: A Celebration of 50 Years."Both volumes are not only celebrations of the original and the most popular Batgirl, Barbara Gordon-which is to be expected-but are also

treatments of the Batgirl character's legacy in the DC Universe. Included in this collection are covers and interior artwork from the last 50 years featuring not only Barbara, but also Cassandra Cain and Stephanie Brown, the other two women to wear the Bat-cowl, as well as Betty Kane, the prototype "Bat-Girl" of the early Sixties who has long since been retconned out of DC continuity. And what a lineup of artists. "Batgirl: An Adult Coloring Book" features art by Carmine Infantino, Neal Adams, Gil Kane, Babs Tarr, Cameron Stewart and many other of comics' biggest names. Even if you never color a page, this book is worth owning for the artwork alone. This book is so up-to-date, it even includes Yanick Paquette covers from two issues of the current Rebirth-era "Batgirl and the Birds of Prey" series. "Batgirl: An Adult Coloring Book" is more than just a coloring book: it's another ideal collection for Batgirl fans. 1 of 1 people found the following review helpful. Featuring cover by some of the best artists in the business like Jim Lee and Ed ...By John Entrekin This is another stellar release from DC's line of adult coloring books. Featuring covers by some of the best artists in the business like Jim Lee and Ed Benes, this book covers the long history of Batgirl. The other members of the Bat Family and Birds of Prey all put in appearances. While obviously this book will appeal to the ladies, there's plenty for the male coloring enthusiast and comic book fan to enjoy. Colored pencils are best for this wonderful release because there will be bleed through if you use markers. Highly recommended and there's plenty here for even the young ones to have fun with. 0 of 0 people found the following review helpful. Fun Batgirl coloring book By Gerry Velasquez Great Batgirl coloring book with lots of diverse pictures from different Batgirl eras. Fun to color only minor complaint, not enough to knock it down a star is pictures printed on both sides and pages not easy to rip out like the Marvel color books.

From Gotham City to Burnside, Batgirl swings into the spotlight as the newest addition to the DC coloring book line! Now you can color in some of your favorite scenes and characters from BATGIRL, who may be hanging out in Burnside with her famous cowl and her infamous yellow boots in BATGIRL: AN ADULT COLORING BOOK. Featuring art by Babs Tarr, Adam Hughes, Cameron Stewart, Carmine Infantino and more of the biggest names in comics. Color away and save the day with Batgirl!
