Batteries Not Included speaks of God's batteries, which never have to be recharged or recycled because God is the power source behind all situations. People who struggle with their identity settle for less than what God wants for them. Trusting God even when things don't go right. Questioning God. Why does it feel like God has abandoned me? What is right to do in as a Christian? What does God want or expect from me? What is the concept behind worship? Influence is positive or influence is negative. Before forgiving others, forgive yourself. Forgiveness starts in your heart. Loving the unlovable is one of the hardest things Jesus commands. How do I love people I don't like? The work of the Holy Spirit is unique. Don't run from your circumstances. God can win through you.
