**Chuck Palahniuk : Beautiful You** before purchasing it in order to gage whether or not it would be worth my time, and all praised Beautiful You:

3 of 3 people found the following review helpful. Better then expected...awesome really.By Abraham Paul NewmanPalahniuk has written another outrageous book that is wonderfully convoluted. I loved the scenes of thousands of zombie like woman standing in line to replace there overused sex toys. Of course this would never happen...humans are much more descreet...but humans do waste a lot of their lives chasing addictive bulls\*\*\*t

around. The writing style here is a lot more straight forward than Chuck's past novels and I found it addicting and submersive. Although I like Chucks writing style his use of chorus' s and repeating dull refrains over and over can be a bit much. In this book there's none of that and it's nice to see him writing in a less fractured style. This book does have a lot of sex in it if you can call it that but it's a novel about arousal addiction and there's a push and pull of wanting more out of sex while sustaining emotional attachment but also pushing sexual acts to the brink of insanity and becoming devoid of feeling. Palahniuk resolves a lot of this in an awesomely weird way. Palahniuk rules. 0 of 0 people found the following review helpful. I love Palahniuk books and will read him even if they ... By Devora Gray I love Palahniuk books and will read him even if they are a mess of chicken scratch, dog nuggets, and promoted as flashcards for the blind. That said, I'm not crazy about this one but I give him huge props for doing what very few men have attempted. Ever. This could be completely inaccurate but I felt like he took a huge chunk of the romance novel genre, put it in a blender and drank it each morning for six months to emulate the tone and gland-clogging sexual spree given over to those who love deliciously smutty bodice-rippers. Since I'm one of those people and those books taught me the joy and love of reading (sometimes at 2 AM just to get to that next sex scene), I'm impressed with CP's first sex scene. He didn't exactly "nail" the female brain on romance but he satirized it in a way I could still get off on. 0 of 0 people found the following review helpful. be forewarned that this story is gross and not sexy. By soundwaveclick this is a story that someone needed to write. i guess it makes sense from chuck p, but it is far from his best work. be forewarned that this story is gross and not sexy.

Penny Harrigan is a low-level associate in a big Manhattan law firm. She has an apartment, but no love life. When C. Linus Maxwell, a mega-billionaire and international playboy, invites her to dinner and then whisks her off to a hotel in Paris, where he brings her to undreamed-of heights of sexual gratification for days on end, Penny is, well, pleased. However, when Penny discovers she is a test subject for a line of female sex toys so effective that women by the millions are lining up outside the stores to buy it on opening day, she understands the gravity the situation. A billion husbands are about to be replaced. What is Maxwell really up to? Erotically enabled world domination? Penny sets out to discover his motivations, and with a little help, stop him before it is too late.

"[Palahniuk's] legion of fans will adore all its excesses. . . . Great fun..."—San Francisco "Genuinely shocking and entertaining." -- The Times, London "Nothing is sacred and everything gets torched."—USA Today "Palahniuk continues to push limits in this satire of sex and consumerism. . . . There are some downright beautiful scenes."—Publishers Weekly About the Author CHUCK PALAHNIUK is the author of thirteen novels—Doomed, Damned, Tell-All, Pygmy, Snuff, Rant, Haunted, Diary, Lullaby, Choke, Invisible Monsters, Survivor, and Fight Club—which all have sold more than five million copies in the United States. He is also the author Fugitives and Refugees, published as part of the Crown Journey Series, and the nonfiction collection Stranger Than Fiction. He lives in the Pacific Northwest.
