Amy Y. Young : Bedlam Among the Bedpans: Humor in Nursing, 1e before purchasing it in order to gauge whether or not it would be worth my time, and all praised Bedlam Among the Bedpans: Humor in Nursing, 1e:

4 of 5 people found the following review helpful. Funny but flawed By Abraham Lawrence Some of the pieces in this book are inappropriate for something that's supposed to contain de-stressing humor for nurses to enjoy. Here's part of a poem from 1971 that was written by a doctor and included, for some reason, in the book: "When doctors doctor, and nurses nurse Most patients get better, though some get worse The system's not perfect, but one of the facts is That no

one is suing the nurse for malpractice:She knows what her job is, and does it with grace,While doctors make sure that she stays in her place."How is it de-stressing or humorous to get a glimpse back at the dark ages of medicine when doctors were 99% men and treated their 99% female nursing staff like dirt? Why was this poem included? It's bad enough that we have to occasionally deal with doctors on ego trips at work. I don't want to encounter it at home while I'm trying to relax. There are also a lot of type errors and some of the stories are repeated. Despite these flaws, the book got some laughs out of me. I especially loved the collections of charting errors and questionable use of language. 0 of 0 people found the following review helpful. One Star By Patsy Linnevold Not a very good written book 0 of 0 people found the following review helpful. Fun Book! By Bob McCann We got this as a nursing school graduation present for our niece. It is very funny, the only reason I didn't give it 5 stars is that it is not a very long book, It seemed a little high priced for the number of pages.

A must-read for nursing professionals, *Bedlam Among the Bedpans: Humor in Nursing*, includes over 100 of the funniest and most creative stories about nursing collected from nursing journals, books, and the internet that highlight the humor in the situations nurses face every day. Inspired by the experiences of real nurses, the stories relate situations with insights that only nurses who have "been there" in the field could have. Includes some of the best pieces of creative and humorous writing published in the past 20 years. Stories that help nurses see the humor in challenging situations they encounter every day. Funny cartoons and illustrations that add even more humor to the book. Compiled by an academic librarian, this book includes a carefully chosen and well-rounded collection of entertaining stories.
