BUT it had typos, poor printing, missing statements halfway through....??? What junk. I was/am shocked how poorly it was printed. Again, his points I loved and agree

with completely. I loved his first two DVD's... his third, not so much. This book.... junk!0 of 0 people found the following review helpful. Like a clean-cut Dennis LearyBy MonkeyBoyHuge Brad Stine fan. Love the book. Very edgy, but so is his comedy style. This should come as a surprise only to those not familiar with him. Regardless of your thoughts about him, he will make you think. I would highly recommend this book to anyone.5 of 5 people found the following review helpful. Wonderful, funny, insightfulBy S WilsonI saw a story online about a group called Godmen and heard about a Brad Stine mentioned. Hopped over to , read about this book, bought it and read it cover to cover in one sitting. Trust me, I don't do this. I've been working on Anna Karenina for more than a year, but I digress...This book has so much common sense and just shatters the silliness we Christians find ourselves part of. I laughed out loud several times (gotta love the word 'nipple')and even got a bit teary a time or two...there's much to ponder, quite a bit of poignancy and there's a bit of a two-by-four upside the head action, too. Just what is needed.A highly recommended read!

Reflections of a Christian comedian. 10 assumed truths that make Christians look stupid.
