Bennett Cerf : Bennett Cerf's Book of Riddles (Beginner Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised Bennett Cerf's Book of Riddles (Beginner Books):

1 of 1 people found the following review helpful. Great for a beginner readerBy KatieThe author is very consistent and my first grade loves this book. Great illustrations and a great book to motivate or little reader and be involved in her story time. She can read this while we make dinner and loves to quiz us!2 of 2 people found the following review helpful. Great introduction to humor!By L. K. WeissThis riddle book has some of the best old riddles from the past. I used it with my own children - who are not 42 and 39, and I just bought it for my 4 and 5 year old grandchildren! They love it, though they don't yet quite get the intent of all the humor. The best age target is probably 4-8. An oldie and definitely a goodie! Many of the old toys and games and books are so hard to find!0 of 0 people found the following review helpful. Five StarsBy ShelleyavhPerfect for my grandson. Thanks for a great transaction.
