tooBy Rainfire StablesThis is a good book for teachers to have on hand! I like that the jokes are all clean and most are going to be understood and enjoyed by students in 1st - 4th grade. Older students may groan at the jokes, but there are some zingers in the book. There are several typos in the book and some of the jokes are repeated, but that's okay (though it is why I gave it a 4 instead of a 5). I'll be tucking this book in my substitute bag and toting it around from now on. Love that there are math jokes...some of which are appropriate for high school students, too. My sister the math teacher (in HS) will be able to entertain her students with them. 10 of 10 people found the following review helpful. Great jokes for kidsBy Rhodie GuyMy nephews loved these jokes in fact I heard him telling his brother a joke from the bookWhat do cows get when they get sickHay Fever... too funny.
