**Robert M. Miller : Best of Rmm: The Doctor Will Be Right Out** before purchasing it in order to gage whether or not it would be worth my time, and all praised Best of Rmm: The Doctor Will Be Right Out:

3 of 3 people found the following review helpful. A MUST for all veterinarians....By Dr. Detlef Wilkemaybe after long years of studying you just became a vet...your first patients (with their owners) are waiting for you: dogs, cats, horses or what soever. If you are not sure about what to expect, you should look at this book before you start. There is no experience RMM doesn't have...and if you are yourself an experienced vet, you'll have fun reviewing all that can happen to you and your patients again.

This lovable series illustrates the seriously aggravating moments in veterinary life with a sly wit and a broad-nibbed pen. You'll never face a waiting room again without a smile!
