**Peter David, Carlos Meglia, Pop Mhan, Norman Lee, Clem Robins, Guy Major : Bet Your Life (Spyboy, Book 3)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Bet Your Life (Spyboy, Book 3):

A deadly nerve gas and a plot against the United Nations puts SpyBoy and Bombshell hot on the trail of the insidious

Madam Imadam, head of the international Palindrome terrorist organization! Their search leads them to the exotic city of Marispan, where Butch is on vacation with his mother, Barbie Q is doublecrossed and fights for her life against a diminutive, cyborg samurai, secrets about Alex's mother come from an unexpected source, and Sean Fleming gets lucky (sort of). A mysterious city and a casino filled with spies and danger...what more could a SpyFan ask for? Collects issues #7-9 of the ongoing series.

From the PublisherNew York resident Peter David is a prolific author, having written nearly two dozen novels and hundreds of comic books. Among his many published novels are several popular Star Trek titles, novelizations of the popular films Batman Forever and The Rocketeer, and a handful of satirical send ups of favorite fantasy scenarios. A number of David's collected graphic novels are currently available in bookstores, including many popular DC Comics titles, and Dark Horse's adrenalized espionage series, SpyBoy. David's work can be seen on the small screen on the Nickelodeon sci-fi series Space Cases and on two episodes of the acclaimed TV series Babylon 5.
