**Martin Grotjahn : Beyond laughter** before purchasing it in order to gage whether or not it would be worth my time, and all praised Beyond laughter:

0 of 0 people found the following review helpful. Five StarsBy Michael M. TanseyGreat book and service hettinh it to me.0 of 1 people found the following review helpful. Tough readBy DL DeverickTough read and very abstract.

Grotjahn's study of humor and the subconscious is a book written for the "good reader," and remains today an acute and thorough (but intentionally unfunny) look at laughter and the mind.
