She is a huge Curious George fan, and loves anything off beat. This book did not disappoint. She read it aloud to us, amid peals of laughter. George really is a dirty little monkey.0 of 0 people found the following review helpful. Sassy beretBy Kal ParsoThis book is funny! I gave it to the father of the baby and he almost died laughing. Almost.1 of 1 people found the following review helpful. Hilarious gift!By Rebecca StethemI bought this as a gift for a gay friend of mine. He loved it! The illustrations are reminiscent of the real curious George which makes this book even better. The text is somewhat stereotypical, but it only adds to the humor. I am so glad that I was able to find this book!

A hilarious illustrated book in the growing gay and bi-curious market. A total original."George was a straight little monkey but always very... curious. One day George saw a man. He had on a sassy purple beret. And George got

excited, despite himself."And so begins the saga of Bi-Curious George. People of all ages and predilections will love this hilariously clever parody of one of the most beloved classic children's books of all time. Just don't read it to your kids.
