**Michael E. Kinsley : Big Babies** before purchasing it in order to gage whether or not it would be worth my time, and all praised Big Babies:

From the last days of the Reagan era, through the ups and downs of the Bush presidency, and into the time of Bill Clinton's triumphs and many troubles, this collection is the best of Kinsley's writings which cover serious policy issues, presidential politics, the culture of Washington, and the foibles of the media--and also movies, TV, and book publishing.
