Ian Bradley : Big Fish to Rubber Ducky before purchasing it in order to gage whether or not it would be worth my time, and all praised Big Fish to Rubber Ducky:

Two Englishmen, racing houseboats on an Australian river.. What could possibly go wrong? Big Fish to Rubber Ducky is about mateship; the kind of mateship that is fundamentally male. The kind that must compete, constantly,

whether it's in business or on the road or at the helm of a three-tonne steel houseboat on a fast-flowing river. The kind that has women shaking their heads and wondering Do boys ever really grow up?
