I work at an elementary school and when the students are finished eating, they are bored. Proving some light/funny reading has always been a passion of mine - I don't mind how or what they read as long as what

they're reading is appropriate and they're reading. These books are funny appropriate, and leave the students guessing. Now, they argue over who gets to read aloud. Love it. 0 of 0 people found the following review helpful. Highly recommended By Michelle My seven year old daughter absolutely loves this book. She is constantly reading us jokes from it to the point that she drives us nuts! I like that she loves reading the jokes and it seems to never get old for her. The jokes are a little less corny than in other joke books. I highly recommend this book. 0 of 0 people found the following review helpful. Five Stars By stephen huntamer Grandson 8 years old loved it. Picks it up all the time to tell us riddles

How do you keep a rhinoceros from charging? Take away his credit cards. "Over 2,000 riddles of all kinds, from simple to complex, for all ages. Written by a children's librarian, this is one riddle book that should be in both the adult and children's collections."--Library Journal. "A real bonanza for riddle fans. A great boost for budding comedians."--School Library Journal. "A massive collection. Index is helpful in finding specific zingers."--Horn Book.
