Even my teenagers enjoyed reading it as a way to see the world through from a dad's perspective.0 of 0 people found the

following review helpful. Hilarious, and so right!By RhonniI love the book because he and his shows were so funny. The book finds humor in every day life (based on his life as a dad.) I could relate to so much of what he talked about. Sadly, recent events overshadow how great a comedian he has always been known for being. I'm glad I read it before he fell from grace.
