ljchanSuch an important read for any young OR old man who wants to display manners which seem to be sorely lacking in today's digital time. I bought this for my son as he begins his first post-graduate job. I believe it's the "little" things that makes a guy a man.1 of 1 people found the following review helpful. ExcellentBy reddixiebelleFascinating how archaic rules still work. Would love to see an equivalent for women, many of these do apply for both, but I would want one for women. Well written and articulate.1 of 1 people found the following review helpful. Five StarsBy KellyGreat graduation gift for the young men in your life who might need a little polish.

Ten Articles that Pull A Man Out of the Cave, Make a Love Interest Take Extra Notice and the Boss Feel Compelled to Promote Him. Or at Least Not Fire Him. Most of these guide lines can be considered situational for everyday use but always when we are in black-tie or at a business event. This isn't to say that manners should be reserved for fancy and formal occasions. Everyday manners are the goal, but extra attention is paid to special events where the use of such is easier to illustrate for our purposes and crucial to execute when we are out on the town. Just as we want our dinner suit to be clean, pressed and ready for use when we need it, so too should our confident grasp of the ways of the civilized world. Unfortunately, old-fashioned etiquette books are woefully dense with detail and many people, but particularly men, put them aside as not relevant to their lives. Understandable but not insoluble. SP has delved deeply into these tomes and come away with an edited, updated and completely accessible set of guidelines that fit neatly into the modern American man's life. Stripped, pruned, updated and polished for your consideration, consider this a list of articles to the original declarations, a Bill of Rites, as it were.

About the AuthorK. Cooper Ray was born in Montgomery, AL and is a thirteenth generation southerner – with the manners and joie de vivre to prove it. In 2008, he launched Social Primer – a destination for southern style that has evolved into a lifestyle brand with Ray at the helm. He made his mark on the fashion world rising to Vice President of Bottega Veneta and later as Ambassador of Dom Perignon. In 2010, Ray was tapped by Brooks Brothers to create a bowtie collection for that storied brand which offered a refreshed outlook to the then antiquated bowtie. He was anointed the “Bow Tie Guy” by GQ magazine and has been featured in a slew of national media for his personal style, etiquette advice and growing Social Primer empire. A true renaissance man, Ray s lived in Manhattan, Milan, Cape Cod, Los Angeles, and now Charleston, South Carolina. He novelist, stylist, designer, consultant, lifestyle blogger and all-around arbiter of men's style.
