**Painted Harbor Press : Birds!: A Hand-Drawn Adult Coloring Book** before purchasing it in order to gage whether or not it would be worth my time, and all praised Birds!: A Hand-Drawn Adult Coloring Book:

Let your creativity take flight! From the peacock to the penguin, Birds! features a wide variety of our feathered friends in their natural habitats. These 28 illustrations were hand drawn by a wildlife biologist and avid birdwatcher and designed for adults and experienced colorists of all ages. The drawings range in complexity and offer hours of fun, creative, relaxing coloring. • 28 stress-relieving illustrations to color, with bonus copies of each drawing for redos, experimentation, and sharing • printed on one side of the paper • pages measure 8½ by 11 inches

About the AuthorR.J. Ridley is an artist, a wildlife biologist, and an avid birdwatcher. When she's not traipsing around

the West observing and identifying birds, she can often be found with pencil and sketchbook in hand. Many of the illustrations in this book were originally drawn in the field.
