Tracy Bowen, Jenness Walker : Bliss before purchasing it in order to gage whether or not it would be worth my time, and all praised Bliss:

6 of 6 people found the following review helpful. BlissBy CustomerBliss moved at a fast pace, but there were times when I had to slow down or stop mid-sentence to hold my sides and laugh. It was a pleasure to meet Indie and her believable, diverse friends. Indie Moore leaves Rabbit Hole, Kansas for South Florida in search of her bliss ie: happiness, financial status, love and whatever else might land her in her comfort zone. Indie figures the only way to

obtain this zone is by following her daily horoscope, putting complete confidence in the signs of the universe. However, the stars aren't leading her in that direction. Everything she touches turns to mayhem from becoming stranded in the middle of a cow pasture, to being homeless and broke with visions of sleeping in her car playing in her head. The universe lets her down again every time she gets near the boat captain she's secretly nicknamed "Hottie," man of her dreams, whom she literally "hooks" while he teaches her to fish. Indie's mother has warned her about Christians. They are not to be trusted. Yet, her new friends are church-goers, and so is the man she is drooling over. All of whom seem to be blissfully happy while she resorts to scrubbing toilets and working two other jobs to afford to live in a trailer park. If she becomes a Christian, Indie will break her mother's heart by defying all she's been taught. She has almost decided to delve into these religious beliefs and see what her friends have that she doesn't. But then her mother shows up in South Florida. Will Indie find her bliss in the least expected place? 1 of 1 people found the following review helpful. Bliss to Read By Valerie Comer How does somebody search for their bliss? Indie Moore finds daily guidance in her horoscope, just as her flower child mother, Harmony (once mundanely named Ann), taught her. At 21, Indie needs to find her own path. In her words: "I'm desperate to get out of Rabbit Hole, Kansas, with its tornadoes, dusty roads, and, of course, my free spirit mother flitting from store to store—all three of them." Why Florida? Well, Indie is a Pisces-water sign, fish symbol. And her horoscope told her to follow her sign. Where else could it mean? It seems logical to her! The reader follows Indie's misadventures as she runs out of gas, freaks out over cows, and eventually arrives in Hobe Sound, Florida, where she finds out that bliss is expensive. Soon she finds herself sharing a trailer with her new friend and part-time boss, Ellie, while searching for another job or two. Indie also meets the cutest guy in town and spends a fair bit of time trying to avoid him lest she trip over him (again) or snag him (again) (and not the kind of snag you're thinking!). Indie finds herself meeting—and actually liking—some Christians. How is their dependence on daily Bible reading for guidance any different than her horoscopes? When her mother shows up in Hobe Sound, Indie has a few things to figure out before she can truly find her bliss. 0 of 0 people found the following review helpful. Blissfully Funny! By Catherine J. West BLISS is a fun read! You will be captivated by the quirky Indie Moore as she struggles to find her way out from under the clutches of her high-maintenance Mom. Indie's travels take her on many adventures, but she emerges victorious in the end, in true Indie style. You won't soon forget her or her band of interesting friends that she makes along the way. Warning: Do not read this book when hungry or on a diet. Praise for Indie, and congratulations to Jenness and Tracy, a job well done!

Following the stars, Indie Moore sets off to find ultimate happiness in South Florida. But in her quest for comfort and fortune, she encounters mishap and mayhem. She finds a home in a trailer park, a job scrubbing toilets, and a moody roommate—not quite the glamorous world she'd envisioned for herself when she left Rabbit Hole, Kansas. But maybe bliss looks a little different than she'd thought. Laugh and cry with Indie, the Miss Adventure of misadventure, as she blunders on land, by sea, and in church, seeking love and a sense of belonging...seeking true Bliss.
