Honest, Compassionate, BlueBy Music LoverI blew through reading this book! It was very entertaining, well-written, and honest. We need more police men and women on our streets like Officer Rosier. His compassion and professionalism shines through in his words in his memoir. Thank you for your continued effort to Protect and Serve!

There is a human heart and soul hidden deep beneath the polyester and brass of every police uniform. The events which law enforcement officers encounter inevitably leave their marks in some form. The badge may hide the humanity. The body armor may conceal it but it is there none the less. The stories here are based on true events and are told from the perspective of a two-decade career. Join the author as he cruises his beat and takes you on a hilarious emotional rollercoaster ride through the streets of Mobile, AL.
