friends on a weekend getaway by reading from this book. Well worth the money. And in case you are wondering, the jokes in this book are mostly inoffensive. This is not a crude book.4 of 4 people found the following review helpful. A cheap laughBy Phillip JenkinsEveryone's sense of humor is different. I find the majority of the jokes in this book to be not that funny. Nevertheless, out of the six thousand jokes there were at least six hundred that made me laugh. That's good enough for me. I bought the book to send my fiance who is working abroad a joke a day by email so the book has worked for me. The book is thick almost five hundred pages so I am sure you will find plenty to laugh about. People in previous reviews have complained about the small print and yes, the print is small but certainly readable. I just see it as "more for your money".0 of 0 people found the following review helpful. he isn't a reader (I've tried everything but he just doesn't like to read books) but he loves telling dumb dad ...By Karin M GagnonSo I bought this for my husband .. he isn't a reader (I've tried everything but he just doesn't like to read books) but he loves telling dumb dad jokes .. well now he picks this book up all the time to find new dumb dad jokes .. it's Great!
