Five Stars!By L M EnglishMandala Coloring Book No. 5 has 32 round mandalas in square frames. Pages are printed one side only, and a blank page is included in the back to cut out and use as a backing if you color with markers. The pages are numbered and not perforated. My copy of the book was not printed too close to the spine, I am able to color the entire picture without problem. I like Alberta Hutchinson's mandalas, and Book No. 5 does not disappoint.0 of 0 people found the following review helpful. Five StarsBy H.
