**From Barrons Educational Series Inc : Mandala Dreams (Pads of Color)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Mandala Dreams (Pads of Color):

0 of 0 people found the following review helpful. Fun for mandala loversBy APBI bought this item at a bricks-and-mortar store, but wanted to review here for informational purposes.It may not be clear from the publisher's description that there are 40 coloring pages (80 pages printed on one side only). The pages are heavy stock, so IMO would be good for markers as well as colored pencils. Some pages have one design that covers most of the page; in a few cases, there are several different mandalas on the same page. About 10 pages have black backgrounds. A couple of pages combine both black and white backgrounds. There are both fairly simple and rather intricate designs. (Among the latter, I might prefer to scan and enlarge some patterns so that they don't require needle-point pencils or markers.)

Now you can take your coloring with you! The uniquely formatted adult coloring books in the Pads of Color series resemble a notepad in shape and size, and allow you to do your coloring at home or on the go. Perfect for those moments when you need a break or when you just long for a minute of inspiration to begin or end the day. Mandala Dreams features an attractive foil cover, while inside, colorists will find 80 pages of one-sided illustrations, so today's work of art won't bleed through and ruin tomorrow's masterpiece in waiting! A world full of wonderful mandala designs is waiting to be awash in color. Find yourself lost in these gorgeous images even as you color, decorate, and

create something completely unique. Each work of art makes a wonderful gift!
