Her mandalas are pleasing to the eye, and soothing to your soul as you color and reduce your stress. Thirty-two unframed round mandalas, printed on one side only, so you can color with crayons, colored pencils, or markers if you use a page for backing. There is a blank page at the back, which is intended to be cut out and used to prevent bleed through. The pages are numbered, and not perforated. This doesn't bother me, I don't plan to remove the colored pages. I prefer Hutchinson's mandalas because of the crisp,

black outlines and she does not make her drawings overly intricate.0 of 0 people found the following review helpful.  
Very Nice Coloring BookBy lucysmomThese are great coloring books. Occasionally the black ink will smear or flake off but not so often that I would not buy the book. There is one thing that I would like to see changed and that is removing the page number. Why does a coloring book need page numbers? I would recommend these books.0 of 0 people found the following review helpful. Great book!By AmyColorsLove it!
