butt off, you may just learn a few things about maintaining a successful, loving marriage. Mr. Hatch's take on the dos and don'ts of wedded bliss are a much-needed guide for we guys who seem a bit daft. The decoding of such a complex and important relationship is about as needed as a dude checking out tried-and-true recipes for a candlelight dinner leading to a proposal. Just as franks and beans won't do, there's no need to half-step or fly by the seat of the pants with a guide like Hatch's book around. It is an excellent read and a must-have for the library! 0 of 0 people found the following review helpful. Love this book! By Tam Tam So much truth, knowledge, and humor all in one book regarding relationship issues. Such a fun book to read with your friends and significant other. My boyfriend and I haven't laughed this much about our relationship in quite a while. I can already see a positive change in us both! Thanks Erick Hatch for reminding us all that relationships are serious commitments, but it's important to find the humor in order to maintain a lasting, loving, and peaceful environment. Looking forward to the next book! 0 of 0 people found the following review helpful. Hilarious! By Kia This book is more entertaining for the wife as everything he says is soooooo accurate about us. My husband and I read the book to each other while out to dinner. Needless to say the whole restaurant was looking at us as we were cracking up the whole time lol.

Every wonder where the Golden Book of Instructions are for men and marriage.... Well me too. While attending a wedding I already begun to see some mistakes my friendly newly wed was making. So what else was I to do but help a young man out and pass on some knowledge. Married Man Rules is a funny look at some of the things you begin to learn as you go through marriage. It's the only OJT that will cost you mentally, physically and financially if you fail. Although I may not know it all I surely can attest to most of the rules of marriage. The best lessons in life are ones you just had to learn the hard way. I have failed and succeeded at marriage and I can now look back and laugh at those mistakes and pass on my success. Remember it's all worth a laugh. I can't save a marriage but I sure can make you laugh about it!
