Martin Merianos : Martha Cooks in Prison before purchasing it in order to gage whether or not it would be worth my time, and all praised Martha Cooks in Prison:

0 of 0 people found the following review helpful. This idea sounded good, but the result was lame!By rabbit
rabbitThis idea sounded good, but the result was lame! One cute photograph. I did not know what to expect from the book description so I will let you know what is included in the book. There are a few basic recipes for bread and some low quality black and white photos in the Kindle Unlimited edition. It is supposed to be a parody or spoof, but I found nothing even remotely funny.

This book is about the celebrity Martha who found her way to prison.

About the AuthorMy career in freelance photography began in high school where I studiedunderwater, portrait, and

commercial photography. I was also a scuba diving enthusiast. After graduating from high school, I also enjoyed doing wildlife photography in my spare time. Eventually this turned into several appointments as a professional freelance photographer. My inspiration for this book was the television show Good Eats hosted by Alton Brown on the Food Network. I enjoyed the show because he brought food and humor together.
