**Marty Noble : Marty Noble's Mindful Mazes Adult Coloring Book: Art Nouveau Animals: 48 Engaging Mazes That Will Challenge Your Creativity and Wisdom!** before purchasing it in order to gage whether or not it would be worth my time, and all praised Marty Noble's Mindful Mazes Adult Coloring Book: Art Nouveau Animals: 48 Engaging Mazes That Will Challenge Your Creativity and Wisdom!:

I'd play with these all day if I didn't set a timer. I do the mazes in light pencil and erase before coloring. You can also white out the "start" and "finish" indicators, although they're discreet

and in an attractive font. The pages are printed on one side only, so you can use almost any coloring medium (though some may bleed; test first on answer or print pages) with a backing sheet to protect the next image. Kudos to Marty Noble, who is not only productive, but creative and talented! 6 of 8 people found the following review helpful. Not 48 original designs. By ny\_miss So I love the designs and wanted to buy more books but not sure if I can do. A major oversight by an editor in that #38 is not in the book and #'s 4748 are repeats (by looking at the maze solutions in the back is how I figured out that #38 is missing). This is a big oopsie by Racehorse Publishing to put out a defective book like this -- anyone see the movie Elf? So disappointed even though I love Marty Noble's work
