Wilhelm Busch : Max And Moritz... before purchasing it in order to gage whether or not it would be worth my time, and all praised Max And Moritz...:

3 of 3 people found the following review helpful. Great DisappointmentBy Rafael RodriguezThis book originally is not just a story told in verses, but a series of wonderful and funny sketches accompanied by verse. A sophisticated comic book, if you will. Without the hilarious illustrations it looses it's wonderful spirit and tongue in cheek humor. Frankly, I was shocked when I realized that the heart of the stories was left out. That possibility never occurred to me, that was what made the book famous! I would have never purchased it had I known this. {By the way, the translation is pretty bad also).0 of 0 people found the following review helpful. My favorite is the popgun one about the little boy bothering ...By elizabeth nolanI'm a huge struwwelpeter fan. I have it, slovenly Kate and slovenly Betsy. Introduced to it through family guy and had no idea it was real until I did some research on book illustrations. I wrote a paper on the book and when I did, I discovered max and Moritz, a similar story about two prank living boys and their end. My

favorite is the popgun one about the little boy bothering the old man. The stories are similar to struwwelpeter, about foolish children who disobey their elders and love to be bad. The only one I don't like is the one about the boys with the dogs who beat them with whips. I just feel that's cruel. Yeah, the boys were annoying and their mother is bucking for pushover of the year and they got their just desserts, but it's cruel to imitate that on a dog! of 1 people found the following review helpful. Rip off, don't buy! By BernieBRip-off the pictures are missing! The translation is poor at best and without the drawing it is worth nothing.

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book. ++++ The below data was compiled from various identification fields in the bibliographic record of this title. This data is provided as an additional tool in helping to ensure edition identification: ++++ Max And Moritz Wilhelm Busch

From School Library Journal Grade 4-7 Anyone familiar with the comic strip which featured the Katzenjammer Kids will recognize the Kids' antecedents in Max and Moritz . First published in Germany in 1872, the book relates seven mischievous and, by today's standards, malicious pranks played by the two before they are ground to bits in a mill and gobbled up by ducks. "Max and Moritz" editions have been generally unavailable, and students curious about the history of cartoon and comic illustration will welcome the chance to view these tinted etchings, facsimiles of the original text. Arndt's translation in rhymed couplets reads smoothly and provides a lively introduction to the historic duo.
