Wilhelm Busch : Max und Moritz before purchasing it in order to gage whether or not it would be worth my time, and all praised Max und Moritz:

4 of 4 people found the following review helpful. Hard to read for German learners, but well worth it. By RickyAs a newbie to the German language, this book was very difficult to read and took a couple of days to understand because there are a lot of separable verbs and past participles. In addition to the paperback version, I used the germanstories.vcu.edu website, Bing translator, and Google translator. In the end, I learned a great deal, and was very glad to have done so since this is a fantastically crafted children's book when read in the original German format. 3 of 3 people found the following review helpful. Childhood memories By Claus M. Canell Like most German children I read and loved this German Classic book almost 70 years ago. It is amazing how familiar it still is. And besides one cannot beat the price; and even in color on my Kindle Fire! Nobody who went to grade school in Germany should pass up this jewel. 0 of 0 people found the following review helpful. Great book! Read it as a child By Stephanie Valys Max und Moritz - Eine Bubengeschichte in sieben Streichen: Vollstndige und kolorierte Fassung (Wilhelm Busch bei Null Papier 1) (German Edition) Great book! Read it as a child, but it's a pretty funny read for a grown-up.
