Amanda McCall, Ben Schwartz : Maybe Your Leg Will Grow Back!: Looking on the Bright Side with Baby Animals before purchasing it in order to gauge whether or not it would be worth my time, and all praised *Maybe Your Leg Will Grow Back!: Looking on the Bright Side with Baby Animals*:

1 of 1 people found the following review helpful. Some are funny. Some are not. There's only about 3 that aren't offensive. Binding on these sucks and it's almost impossible to get them out to use as postcards without tears them. Wish they were perforated. I would buy them again. 0 of 0 people found the following review helpful. Funny postcards. Not in very good shape. It came with a price tag on it which was for way less than what I paid, but the postcards were funny. 1 of 1 people found the following review helpful. Offensive and tacky in a good way! By Courtney W. Most of these are so tacky and tasteless, they are hilarious! Even if you're an ACLU supporting liberal who was raised politically correct (me included), you can enjoy an offensive chuckle! Loved the ones for anyone incarcerated.
