Great Gift for Expecting Moms - - Throw in Bad Dad for the Expecting Father too!!By Wendy J. SilviaFrom page one, I couldn't put my book down; except for when I had to go to church. If you have read the book, you understand why I didn't think it was the appropriate place to take it. I absolutely loved the book, loved her Mean Mommy perspective.....it's very true; don't be the friend, be the mean mommy and they WILL thank you some day!!In closing, I too want to meet Howard Stern. After reading that chapter, I want in!!Thank you Kerri Louise for keeping it real and keeping us laughing

Kerri Louise is Mean Mommy! With her fearless and hilarious attitude toward modern motherhood, comic Kerri Louise tells all and never holds back. Truthful and funny, Mean Mommy attempts to balance her career in the comedy trenches and stay grounded while raising three boys. Kerri knows you don't need another bossy book about motherhood like you didn't need the baby wipe-warmer you bought for \$29.95. Mean Mommy costs less and offers inspiration, encouragement and non-stop laughter that will last way longer than the warm feeling on your baby's butt. What we really want is Mean Mommy's frank, reassuring and uproarious approach to parenting. After all, Mean Mommies raise the best kids!
