**Filippo M. Toscano : Memories from the Field: Diary of a University Professor's Hunting Trips** before purchasing it in order to gage whether or not it would be worth my time, and all praised Memories from the Field: Diary of a University Professor's Hunting Trips:

Combines several aspects of the mechanics of hunting various species of game animals, selection of appropriate firearms, and tales of hunting experiences. This book represents a personal account of the author's experiences, pursuing a variety of game animals.
