I will always remember these stories2 of 2 people found the following review helpful. Once upon a time in a place called The BronxBy Ken Geringer author of Nobody Told MeMemories of Laughter Garlic is a unique collection of beautifully written stories. Each story touches the heart in its own way, paints such a vivid picture of once upon a time in a place called,'The Bronx', that you become totally absorbed in each and every one. I don't have a favorite story from this collection, except to say whichever I happen to be reading at the time is my favorite for that day!

A humorous and witty reflection of life experiences and memories, like the Chicken Soup for the Soul, but with a distinctive Yiddish flavor of Leos Bronx roots. Stories are grouped into sections such as Lifes Little Lessons; All in the Family; Growing Up Jewish; Old Times in the Old Neighborhood; Celebrating Jewish Style; School More Than Just An Education; and Nu? So What Else Is New? A special added feature of the book is Leos Glossary for the Yiddishly Challenged.

"His anecdotal memories resonate with Yiddishkeit, wisdom, and just plain humor." -- The Jewish Community Voice (NJ)"His pieces are...effective and worthwhile. Oy, so worthwhile!" -- Jewish News (Denver, CO)"...sure to bring smiles to readers' faces." -- Atlantic City Press (NJ)"...unabashedly nostalgic...mines a vein of long-gone Yiddishkeit, offering a message with Jewish spice." -- Jewish Exponent (Philadelphia, PA)Simply put, reading Leo Lieberman is like going back home to Bubbie revisiting a world of long-lost Yiddishkeit when all was warm and cozy and the shtetle still alive even here in America. But you dont necessarily have to be Jewish to love Memories of Laughter and Garlic. If you appreciate good writing, wit and wisdom sprinkled with Yiddishisms reminiscent of Sholom Aleichem this book is for you. Lieberman consistently manages to keep things fresh indeed, as if hed gone back to Bubbie for more material. But of course, its Liebermans world, a world some of us still remember with great fondness and in case we forget thats where Lieberman comes in, to bring it all back. If not for our Leo Liebermans, a significant portion of our cherished past would no longer even be a memory. For that reason, all humor aside, this collection is essential. -- Jack Engelhard, Author, Indecent ProposalFrom the AuthorFor many it is a world that is no more. The Bronx, the old neighborhood, the neighbors, the old school, the libray and the playground. I have tried to reconstruct some of my memories and pepper it (or should I say salt it, Kosher salt, of course) with some wisdom supplied by such notables as Tanta Pasha, Sadie with the Teeth Gertie with the Hair and Lillie with the Nails. And of course there's always Mama who informs us that everyday, you should have a good laugh and a clove of raw garlic. So how bad could that be? Come and share some of these stories with me. I guarantee a few smiles, a couple of chuckles and maybe even a tear or two. But, after all, isn't that what life is all about?
