Alexander Andrews : Memos to God before purchasing it in order to gage whether or not it would be worth my time, and all praised Memos to God:

1 of 1 people found the following review helpful. Hilarious and Thought ProvokingBy Vanessa FarmingvilleI thoroughly enjoyed this hilarious and thought-provoking book. It is an easy, fun read which can be accomplished in an hour or so - or a series of bathroom sittings! While the author has obviously researched his biblical references, he maintains a light-hearted humorous twist to all his observations and questions. Whether you believe in God - or not -

this is a fresh new twist to a number of "old" concepts.

"Are you still Jewish?" "Can we take bottled water, toothpaste, lotions, and gels on the Rapture?" "Was Hitler 'born again' in the bunker?" "Have you, yourself, been circumcised?" Is it okay to ask God questions like that? Yes, but only in a memo. Memos to God asks all sorts of indelicate questions that only God can answer. But it does much more. It passes along anecdotes and tidbits that God might find interesting or amusing. It offers hints on personal hygiene that may spare Him embarrassment down the road. It proposes a sure-fire way He can pare down the glut of incoming prayers. Best of all, it suggests ways to expand His customer base and pump up the Sunday "take." Tasteless? Absolutely! Out of bounds? Totally! But readers who can rise above its universal offensiveness will find Memos to God a wickedly funny book.
