Jill Johnson y Paloheimo : Menial before purchasing it in order to gage whether or not it would be worth my time, and all praised Menial:

4 of 4 people found the following review helpful. On PointBy Sean C PaloheimoSuch a fun read. Menial explores the day to day ridiculousness of the office atmosphere. I was laughing out loud within the first pages and emediatly drew direct parallels to the people we all have in our office. If you've ever had a Menial job you will love this book.1 of 1 people found the following review helpful. Laugh out LoudBy MamacitaOne of the funniest reads ever! Quick, keeps moving. Great book to take on a trip because of the length and humor. I actually bought extra copies to share with

friends. Jill is brilliant, I hope we get a chance to see what menial work her character comes up with next. 0 of 0 people found the following review helpful. Quick, fun read! By Jean Very funny and poignant book! Once you start reading it, you can't put it down. You are immediately immersed in the life of this quirky girl! I loved it!!

Menial presents a hilarious, witty commentary from the perspective of a young woman as she struggles to find meaning and excitement in her life and in her mundane job. Through her day to day encounters, she describes her coworkers, customers, and daily interactions with her own demons. She finds herself being reprimanded in what she describes as a "generic office sitcom" by just being herself. As she seeks to find happiness in her trite role at the bank, she continually bumps into difficult customers, annoying coworkers, and her own short comings. Enjoy hearing her story as she shows you her perspective of life in a real-life, but "generic office sitcom."
